Investigated.

TOTAL \$100,000,000

Income Tax Returns of Big
Bootleggers Subject
To Examination

Washington, Feb. 11.—In a far-
reaching drive against federal tax
dodgers, treasury agents have un-
covered frauds amounting to millions
of dollars, it was announced today.
Agents of the special intelligence
section of the bureau of internal re-
venue are investigating the records
of about 1,000 big corporations and
individuals alleged to have made
fraudulent or incorrect returns.
Estimates place the amount of taxes
involved at about \$100,000,000, al-
though officials insisted that it would
be difficult to fix an accurate figure
owing to the complex nature of many
of the anticipated court actions.
Several corporations and individuals
of national note are under scrutiny, it
is understood.

Income tax returns of a number of
big bootleggers have been examined,
and it is expected both criminal and
civil actions will be instituted in the
federal courts.

Special Agents On Job
Special treasury agents will fol-
low up the Cleveland liquor conspir-
acy, presented to the federal courts
a few days ago, with proceedings to
collect taxes from individuals involv-
ed, officials declared. An investiga-
tion will be started of taxes paid by
this liquor ring at once.

A number of other cases where al-
leged bootleggers are charged with
failure to show their true income on
tax returns are expected to result in
the collection of considerable sums
by the government.

Delayed, extending in unusual in-
stances, the special intelligence sec-
tion is now devoting virtually its en-
tire attention to tax frauds. A large
number of agents, formerly engaged
exclusively in liquor probes, have
been taken off and detailed on impor-
tant tax evasion cases.

Prosecution of tax dodgers has
been found to have a widespread
moral effect. Recently, following the
indictment of 21 persons in a New
York tax evasion case, thousands of
additional and unexpected income tax
returns were filed in that district, ac-
cording to officials.

All small cases, involving a few
hundred dollars tax, have been turned
over to collectors of internal revenue

BRITISH COUNTESS BARRED BY U. S.

Recent Escapade With Earl
Of Craven Causes Immi-
gration Ban.

New York, Feb. 11.—The beautiful
Vera Countess of Cathcart of Eng-
land, was barred from entry into the
United States today by the immigra-
tion authorities.

The ruling was announced this
afternoon after the countess had
faced a special board of inquiry on
Ellis Island and tried to convince
them that, despite her recent esca-
pade with the Earl of Craven, she
was not an undesirable but entitled
to enter this country.

She had been detained for more
than 24 hours on the liner Carmania
and then brought to Ellis Island for
the hearing.

18 BIDS RECEIVED FOR SCHOOL BONDS

Eighteen bids were received by the
board of education Thursday for the
issue of \$25,000 in bonds for the en-
largement of the Prospect st. school
building and improvements to the Co-
lumbia st. and other schools.

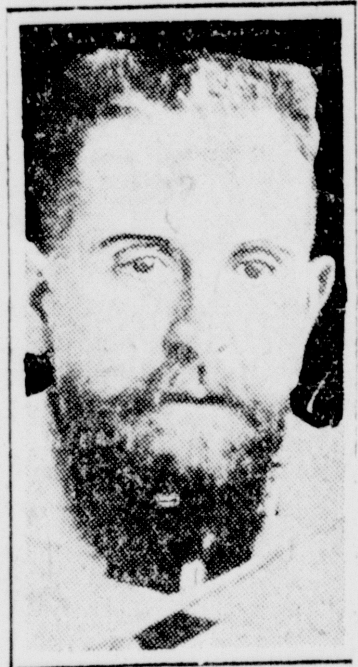

The board at noon awarded the
bonds to the Detroit Trust Co. which
had not secured interest and a pre-
mium of \$897.

Alan Tells Kiwanians About Wit and Humor

J. S. Alan, superintendent of Sa-
lem's public schools, gave a fine talk
at the noon day luncheon of the Ki-
wanis club Thursday at the Elks
home. L. D. Beardmore was chair-
man.

Mr. Alan used as his subject, "The
Philosophy of Wit and Humor." The
speaker believes in laughter and is
of the opinion that it is a benefit to the
individual. This talk was much en-
joyed by the members. Ralph Snyder
was a solo.

viting scientists in other coun-

BOOTLEG ALCOHOL CONSPIRACY HAS INVOLVED 120 MEN

Five Under Arrest, Thirty
Additional Arrests
Expected Today.

Cleveland, Feb. 11.—With the an-
nouncement of additional arrests in an
alleged nation-wide alcohol conspir-
acy, having for its object the divert-
ing of grain alcohol into bootleg chan-
nels, the federal grand jury probing
the ramifications of the alleged plot,
was to hear today the stories of Abe
and Ben Gleeman, life prisoners in
Stillwater, Minnesota, prison, where
they were sent following their convic-
tion for the murder of Burton Stevens,
killed last spring in a reputed "hi-
jacking" war.

The Gleemans, said to have been
members of the alleged conspiracy,
were reported as willing to bare the
secrets of their associates to the ju-
rors, and through them it was hoped
to link up the Superior Industrial
Alcohol company here with bootleg-
ging operations on a big scale in the
northwest.

Three men were arrested in Phil-
adelphia yesterday, and two others in
Chicago, in connection with the al-
leged plot, according to announce-
ment by District Attorney A. E.
Bernstein, who is conducting the in-
vestigation. Allen Squires, an offi-
cial of the J. B. Scherer company, and
Jack Green, an employee of the same
concern, were arrested in Chicago
charged with conspiracy to transport
50 barrels of grain alcohol to Duluth.
Minn. Bernstein said that arrests
were probable in Duluth today on the
same charges.

Dr. John Silverstein, dentist, Joseph
Pomerantz, real estate dealer, and
Albert Hamowitz, former police-
man were held in Philadelphia, under
bond of \$20,000 each as members of
the alleged conspiracy.

Thirty additional arrests were ex-
pected to be made today, Bernstein
stated, adding that the list of sus-
pects now exceeds 120, and is grow-
ing daily.

Stillmans United On Common Sense And Love For Children

Aboard S. S. Olympic, Feb. 11.—
"Common sense, consideration, and
love for our children"—upon this basis
Fifi Stillman expects permanent
reconciliation with her husband
James E. Stillman, whom she fought
so bitterly in the courts.
In an interview today Mrs. Still-
man for the first time outlined the
events that led up to the temporary
reconciliation which has started the
American people.
"The American people were so kind
to me during the trial that I dislike
boresome further with my affairs,"
Mrs. Stillman said.
"The trial is familiar. I battled
without money against power and
wealth, because I believe that right
triumphs ultimately. Without the sym-
pathy of the American people and the
support of the American press, I
would have abandoned the fight early.
Following the ending of the trial,
it was necessary for me to meet Mr.

451 MILLIONS ARE SLASHED FROM TAX BURDEN BY SENATE

Great Tax Reduction Comes
After Open Rebellion
By Progressives.

DEFEAT SUFFERED
BY FINANCE BODY

Coalition May Save Some
Ground When Bill Is
Considered Again

Washington, Feb. 11.—Their tax re-
duction program mangled under its
own steam roller, leaders of the ad-
ministration-Democratic tax coalition
today viewed a scene of legislative
ruin in the senate with provisions
written into the new revenue bill,
slashing \$451,000,000 from the tax
burden of the American people.

This grand total of tax reduction
was authorized by the senate when
a progressive drive to reduce taxes on
the "little fellows" became an open
rebellion against the traditional
dictation of the senate finance com-
mittee. What started as a zephyr
ended as a tornado and it swept out
of control its own leaders, halting
only after the amendment taxes, ad-
mission taxes and all automobile
taxes had been repealed.

"The rebellion struck \$99,600,000
from the coalition's revenue program
and increased the total tax reduction
\$150,000,000 beyond the "danger
limit" set by the Secretary of the
Treasury Mellon.

The series of defeats for the sen-
ate finance committee was the great-
est upset in the history of tax legisla-
tion.

Norris Rebels
The rebellion was projected by Sen-
ator Norris, R. of Nebraska, who an-
nounced at the repeal of inheritance
taxes, demanded greater reductions for
the "little fellows."

"This has become a millionaire's
bill" said Norris. "The government
is rolling in wealth, we are told,
when we slash 44 per cent off the
tax on incomes over \$100,000. When
it comes to taxing the poor man's
pocketbook, we are told the govern-
ment is poverty stricken. One min-
ute, we are lousy with money; the
next, we are paupers. We go into
Uncle Sam's pocket and steal mil-
lions for the rich and then we appeal
to the patriotism of the poor man to
put his nickels in Uncle Sam's vest
pocket. Let us have justice here for
the poor man."

The steam roller had been work-
ing fine before that speech. It had
repealed income tax publicity, wiped
out the capital stock tax, defeated all
progressive efforts to increase sur-
taxes and finally, repealed the inher-
itance tax.

The coalition may save some ground
when the bill is considered "in the
senate," where all controversial
issues will be voted upon a second
time. With the exception of the
amusement tax which was repealed
by a vote of 56 to 34, the other re-
sults were gained by one-sided votes.

Medical Society To Give Demonstration In Physical Exams.

Dr. T. T. Church, this city, attended
a dinner meeting of the Columbiana
County Medical society held Wednes-
day at East Liverpool. Other physi-
cians were from East Liverpool,
Wellsville and Chester, W. Va.
Daniel H. Rupp, of East Liverpool,
city chemist, gave a talk on "Public
Water Supplies and Public Health."

The society plans a demonstration
in physical examination at the March
meeting, which will be held at Lis-
bon.

The physicians say that every man,
woman and child should undergo ex-
amination at a regular interval, just
as a motor car is inspected by a me-
chanic to be kept in A-1 condition.

Eagles Will Attend Dedicatory Service

Quaker City aerie No. 314, F. O. E.
has been invited to the dedication of
the new home of the Youngstown
series, which will be at 2:30 p. m.,
Sunday. This service is open to the
public. A delegation of about 50 prob-
ably will go from here.

At the meeting of the local aerie
Tuesday evening two candidates were
initiated.

Three Houses Burn

Newark, O., Feb. 11.—Fire destroy-
ed three dwellings at Thoraville, 12
miles southwest of this city today.
The origin of the fire is unknown.
The loss will amount to \$10,000.

Warmer Weather For Week End

Columbus, Feb. 11.—Warmer
weather for the week end was
predicted here today by gov-
ernment meteorologist, W. H.
Alexander.

The mercury dropped to 7
degrees above zero in Colum-
bus at 6 a. m. today, which was
19 degrees below the season
normal.

A temperature from 14 to 18
degrees above was forecast by
Alexander for tonight.

SECOND BLIZZARD CAUSES 13 DEATHS AND HALTS TRAINS

SNOWBOUND TODAY

New York Digging Self Out
After Many Trains Are
Stalled In Drifts

Boston, Feb. 11.—Under clear skies
in frigid temperature, New England
today was "digging out" from under
the second blizzard of the winter,
which left in its wake a death toll
of nine, scores injured, great suffer-
ing and tracks and highways buried
under 12 inches of snow piled on
drifts of the blizzard of a week ago.

Ten thousand shoe workers in
Brookton camped all night in armories
and city buildings when transporta-
tion was paralyzed. Plymouth and
Middleboro were without light or
power during the night and both
towns, as well as Brookton and Mar-
blehead were marooned.

Two coast guard patrol boats were
stranded—No. 126 from New London
at Narragansett pier, where the
crew leaped through the surf to land,
and No. 239 off Edgartown. Rockets
by the latter boat brought help and
the craft was towed to her base at
Woods Hole today.

Trains Are Stalled
New York, Feb. 11.—Clear, cold
weather settled down upon the east
today, following the second severe
blizzard of the winter.

New York City and the greater part
of the Atlantic seaboard, from Maine
to the Virginia Capes, lay buried this
morning under drifted snow.

With the mercury falling, bringing
with it frigid weather, and the coal
shortage being felt more acutely than
at any stage of the winter there was

TWO MEN ARRESTED DURING WET RAIDS

State Agent Assists Again:
Accused Fail to Pay
And Are Jailed

Two persons were arrested in raids
by Salem police and an inspector from
the state prohibition department
Wednesday afternoon.

Chief of Police T. W. Thompson,
Patrolman Paul Heckert, and the dry
agent, armed with two John Doe was-
rants, first raided the home of Dmitar
Busija, 91 Etna st., and there found
a liquor supply which they estimate
was made up of 200 bottles of beer,
200 gallons of wine and three bar-
rels of mash.

Busija was arrested on a charge of
possession of liquor.

The officers next raided the home
of Ted Alex, 150 Newarden st., find-
ing 200 gallons of wine and two bar-
rels of mash in this home, and they
arrested Alex on possession.

Both prisoners pleaded guilty to the
charges when arraigned before Mayor
George E. Russell. The mayor fined
Busija \$250 and costs, and Alex \$200
and costs. Neither could pay so both
were remanded to jail in default.

Both men paid their fines this morn-
ing and were released from jail.

DAVIS MAY ENTER GOVERNOR'S RACE IN PENNSYLVANIA

Capital Gossip Puts Labor
Secretary In Race For
Pinchot's Job.

WOULD ATTEMPT TO
END COAL STRIKE

Prestige Won by Settling
Strike Would Be Basis
For Candidacy.

Washington, Feb. 11.—The political
gossip mill of the capital, whirling in-
dustriously in snowbound Washing-
ton ground out a story today linking
up a new effort to settle the anthracite
coal strike with the next govern-
orship of Pennsylvania.

Impossible of confirmation, and
equally impossible of complete denial
the story was going back rounds of
the capital today that Secretary of
Labor Davis will soon announce his
candidacy for the Republican nomi-
nation as governor of Pennsylvania—
with the backing of the powerful Mel-
lon wing of the party.

At the same time, still according
to the rumor factory, President Cool-
idge will abandon his policy of "hands
off" the coal strike to the extent of
permitting Secretary of Davis to at-
tempt mediation of the strike by in-
viting the operators and miners to
come to Washington.

Pressure would be exerted upon
the Pennsylvania operators to accept a
"reasonable settlement" by the Re-
publican powers of Pennsylvania, ac-
cording to the story, and after the
necessary wrangling and negotiation
had been gone through with, the op-
erators would reluctantly yield agree-
ments to the miners and the
strike would be settled.

Would Gain Prestige
With the prestige of having settled
the strike, Secretary Davis would be-
come a candidate for the nomination
for the governorship, backed not
alone by the powerful Mellon wing
of the party, but also by the labor and
business elements of the anthracite
region which have been hard hit by
the six months' stagnation in one of
the state's biggest industries.

Stripped of its unessential details,
this is the story that went the rounds
of the capital today and set political
tongues to wagging everywhere. It
is set down here for what it is worth.

Secretary Davis declined to discuss
it—much.

"Of course," he said, cautiously,
"I have heard that my name has been
mentioned in connection with the
governorship, but officially I know
nothing about it."

Some color, however, has been lent
to the reports by the activities of Sec-
retary Davis in the last few days. He
has been in conference with num-
erous senators at the capitol on the
coal situation, and also with his con-
trollers at the Department of Labor
who have "observed" the frequent in-
dependent attempts made by the op-
erators and miners to adjust their
differences but which have only re-
sulted thus far in a continuation of
the tie-up.

"HEART DAY" TAGS TO BE SOLD HERE

Volunteers of America To
Enlist Children In
Sale of Tags.

The Volunteers of America, aided
by a sponsoring organization of local
persons, will observe "Heart Day" in
Salem Saturday with a tag sale, the
proceeds of which will go to aid in
the children's program of the Volun-
teers in Ohio.

Backing the tag sale is a list of
prominent citizens, including Dr. P.
H. Gordon, Rev. H. L. Miller, Supt.
of Schools John S. Alan, Mrs. Stanton
Heck, Mrs. L. B. Harris and Mrs. J.
G. Woodruff. Miss Natalie Sharpack
will be in charge of the headquarters
in the mayor's office at City Hall.

Invitations to sell tags have been
sent to a number of boys and girls and
prizes for highest amounts taken in
have been contributed by merchants.
The prizes are:
First prize, Ivory manure set,
Burns Hardware Co.; second, scarf,
Fitzpatrick-Strain store; third, pair
hose, Salem Boot shop; fourth, box of
chocolates, Treas's drug store; fifth,
vandy and garter set, Dell's store.

To those securing at least \$3 for
their tags, free tickets to any local
theater will be given, through the
courtesy of managers.

The slogan for the sale is "Have a
heart and help an unfortunate." The
Volunteers of America, founded by
Gen. and Mrs. Ballington Booth, aid
unfortunates all over the country.

FIND TWO BODIES TIED TOGETHER IN ABANDONED AUTO

Youngstown Men Had Been
Hanged and Beaten,
Police Believe.

Youngstown, Feb. 11.—A double
murder mystery confronted Trumbull
county authorities today with the find-
ing of the bodies of two men in an
abandoned automobile on Logan av-
enue extension, one mile beyond
Seccola's corners.

The bodies of the victims were
carefully dressed. Each victim ap-
peared to be between 25 and 30 years
of age. They were carefully covered,
giving passersby on the road the idea
that the car was empty.

Later the automobile was identified
by E. D. Hopper, Youngstown automo-
bile salesman, as one belonging to
Dominic Russo, who formerly op-
erated a restaurant at 12 North Watt
st., Youngstown.

Russo's brother, Ralph, was threat-
ened with death two weeks ago, po-
lice say. A belt on one of the bodies
bore the initials "R."

It was believed by authorities that
the bodies were taken to the spot
where they were found between 8 and
9 o'clock last night. Mrs. John Ander-
son, who resides a short distance
from the place where the car was
found, told authorities she saw the
car driven to the spot at that time.

Two men got out, she said, and
stepped into another car that was
trailing the first. Both machines were
of the closed type.

Apparently the men had been
hanged and beaten, the bodies were
tied together with ropes and gave
evidences of having been cut down.

"Petting" In Public By Young Lovers Is Approved by Judge

New York, N. Y., Feb. 11.—
Judge O. K. to indulge in a little
"necking" when you take your
babe to a movie.

At least, Magistrate Andrew
Macri thinks so. He doesn't
think "petting" in public a crime.
"In fact," he said, "display of
ardent affection between young
lovers ought to be encouraged."
This so-called "necking" often
leads to marriage.

And he forthwith dismissed
charges against John Harvey, 22
and his 17-year-old sweetheart,
Margaret Brown, accused of
"necking" in a motion picture
house.

Methodist Men Will Hear Judge Diehl

Judge Edwin W. Diehl of Alliance,
will speak at the second meeting of

Family Driven From Rooms
Above Market As Flames
Sweep Upward

Fire raged the William Fluckiger
market 142 Main st., the apartments
above the store and damaged the
Evans Hygrade Dairy Products store
at 140 Main. Wednesday night, caus-
ing a loss estimated at \$7,000.

Fire Chief Vincent Mulloy, who is
investigating the blaze, believes the
fire started from the coal stove in
the back room of the Fluckiger mar-
ket and after turning the room into
a raging furnace, spread suddenly
to the second floor.

William Herbold manager of the
Evans store, discovered the fire just
as he came on duty at 7 p. m. he
went to hang up his coat he saw
smoke issuing through the wall from
the market and turned in the alarm.

Both pumper fire trucks and the
ladder combination truck were sent
to the blaze. Lines were run from
chemical tanks on the trucks but the
fire was found to be more serious
and the pumps were started, half a
dozen lines of hose being brought to
play on the blaze.

Living Quarters Gatted
Due to the thick black smoke fire-
men had to work with smoke masks
on. The smoke was even more in-
tense in the apartments above. Mrs.
Margaret Coffee and her mother,
Mrs. Edith Whitacre, and their fam-
ilies, occupy the apartments above
the two stores, and they barely esca-
ped with a few personal belongings
before the smoke became so thick no
one could stay on the second floor
without a smoke helmet.

The fire continued to rage in the
rear part of the market, firemen
fighting it in the store from a hole
in the wall from the Evans store, and
from the rear windows and doors.
Just as it appeared to be under con-
trol flames suddenly shot up through
the second floor and several lines of
hose were taken upstairs by crews of
fire fighters.

A bedroom on the second floor was
completely gutted, and all other
rooms but two were damaged by fire,
smoke and water. Practically all
the furnishings of the apartments
were ruined or badly damaged.

TAMPERING WITH JURORS

In the federal court of Cleveland an investigation is under way that is unusual and may become of large importance to the public. It is novel that the Cleveland investigation was ordered and is being directed by Federal Judge John M. Killits, who is located in Toledo. The investigation relates to developments preceding a criminal trial presided over by Judge Killits. Federal Judges Westenhaver and Jones, located in Cleveland were called in by Judge Killits before the investigation was ordered. It may be assumed safely they approved the action.

Judge Killits charges that individuals interested in cases to be tried in the federal court in Cleveland and tampered with men and women, called for service as jurors in his court. He made public the fact that prospective jurors had admitted visits of these people and told of their eagerness to discuss the pending case with them, offering certain information they claimed was important. Citations were issued by the court, some individuals were brought into court and held under bond. That proceeding was in the civil side of the court. The special grand jury, called to make an investigation, is considering a possible offense that would be on the criminal side of the court. Tampering with prospective jurors prior to their appearance for service is serious and, if a number of individuals had a part in that action, there might be grounds for charging criminal conspiracy to obstruct justice, and that would be in every way a major offense.

Judge Killits has handled many important cases since he was put on the federal bench. He has presided at sensational trials in Toledo, has been called to courts in other states for special service at important trials. He is forceful, vigorous, unafraid and holds a high opinion of the prerogatives of the court over which he presides. There would be trouble for any individual caught tampering with the processes of his court when a trial was impending. On the bench Judge Killits would not underestimate the seriousness of that action and he would have no disposition to overlook the affront. There must have been serious developments in his interviews with jurors in other trials and prospective jurors in the case at bar. Otherwise he would not have followed the plan adopted. If some simpleton has sought to obstruct justice and fill the minds of jurors with prejudice, it might be well to have the power of the court shown, that others may know the court can defend itself when attacked and can protect itself from underground assaults.

AIDING MT. UNION

Alliance has recognized its responsibility as a city in furthering the Mt. Union college building and endowment fund, as well it should. The growth and progress of the old math odist college have meant much to Alliance, and the present campaign to raise \$2,000,000 should be as much a matter of civic pride in that city as it is to the alumni and all other friends of the college. The great expansion program dependent upon the outcome of this campaign will keep the progressive little college in the forefront of Ohio institutions, and at the same time it will mean greater prosperity for the community in which it is located.

Alliance seems to appreciate its position fully, for it has taken upon itself a large portion of the financial burden and has set out to meet its obligation. The success of this move may be predicted at the very start, inasmuch as it is being directed by F. A. Hoiles, publisher of the Alliance Review and a man of wide experience in the mercantile and manufacturing fields. His success as a manufacturer, as well as a newspaper publisher, have stamped him as one of the most progressive citizens of Alliance and his leadership in civic affairs has helped to guide that city in its rapid growth in recent years. His selection as manager of the Alliance campaign

for Mt. Union is a recognition of his ability and insures a vigorous and untiring campaign with success as its only result.

Q. How much space does one pound of air occupy? M. J. D.

A. At atmospheric pressure one pound of air occupies about 15 cubic feet.

Q. How fast do hawks fly? J. K.

A. Some species of hawks have a speed of 200 feet a second.

Q. When was the tribe of Biloxi first known? J. A.

A. Biloxi was a small Siouan tribe formerly living in Southern Mississippi, now nearly or quite extinct. The first direct notice of the Biloxi is that by Ilerville, who found them in 1699 about Biloxi bay, on the Gulf coast of Mississippi, in connection with two other small tribes, the Pasikula and Mochobi, the three together numbering only about 200 persons.

Q. What per cent of farm mortgages are held by life insurance companies? F. D. M.

A. Life insurance companies have been one of the largest factors in financing agriculture for many decades. They are estimated to hold at present about 20 per cent of all farm mortgages. In September, 1924, the total amounted to no less than \$1,751,000,000.

Q. When and where will the Army and Navy game be played this year? J. C. J.

A. The Army and Navy football game will be played on the Polo grounds, New York city, Nov. 28, 1926. Tickets are only available through the Athletic board at the United States Naval Academy and the United States Military Academy and some through the management of the Polo grounds, New York city.

Q. Who speaks correct French, the people of France or Canada? L. A. M.

A. The correct literary French is the French spoken in Northern France and principally in Paris. The French of Southern France provinces and Canada have been largely modified by foreign languages.

Q. How are the butter cakes made that are baked on griddles in restaurants? M. S.

A. The following recipe will make five pounds of mixture: Dissolve one ounce yeast in a little warm water to which a pinch of sugar has been added. Rub together two ounces of sugar, one-third ounce salt and two ounces of fat. Add one-half pint water and one-half pint of milk to this mixture then add one pound of flour. To this add the yeast and another pound of flour. Allow to stand in a warm place one hour. Roll out to a thickness of three-quarters of an inch, cut into shape, allow to stand 25 minutes. When the middle is hot, put on the cake and when it has raised twice its original size turn it on the other side and brown.

Q. What classes of land are included in "deserts"? S. S.

TRACY PROBING CONCESSIONS AT OHIO STATE FAIR

Columbus, Feb. 11.—State Auditor Tracy is probing today, has postponed until Monday his investigation of the concession contracts awarded at the state fair here last year.

In connection with the investigation, consideration is being given to admissions by State Fair Manager Lewis that so-called "campaign contributions" of \$200 each were offered him by C. W. Cracraft, Cincinnati, general agent, and by General John Sweeney, owner, respectively, of the state fair, which had concessions of the state fair last fall.

Don't say anything to members of Lewis that these "contributions" were accepted.

SECOND BLIZZARD

Continued from first page.

A great deal of snowing in several states, not only New York, New Jersey and Pennsylvania.

The second blizzard in a week laid down 12 inches of snow on that reaching from last week's storm. The combined effect of the two storms was almost as severe as that of the historic blizzard of 1888.

New York City had "dug itself out" today. Close to 20,000 men had been employed in this work.

Trains today were resuming normal schedules. Conditions on Long Island and Staten Island were the worst for many years. Trains had been stalled everywhere in great drifts and thousands of passengers suffered great inconvenience.

The entire coastal region was affected seriously, although shipping was distressed in small proportion to the intensity of the blizzard.

The snow covered New York, north Virginia, Pennsylvania, New Jersey, Rhode Island, Massachusetts, Connecticut and the territory as far inland as the Ohio and upper Mississippi valleys.

The death list due to the blizzard was small, however. One death occurred in New York. Three sailors were drowned when the fishing schooner Ralph Brown went ashore off Gloucester, Mass.

Claims Indigestion Easy To Get Rid Of

Asserts Pepsin is Best When Combined With Other Good Invigorators and in Liquid Form

The Lease Drug Co., Floding's Drug Store or Bolger & French Guarantees it and is Dispensing it to Many Stomach Sufferers

You can be so distressed with gas and fullness and bloating that you think your heart is going to stop beating.

Your stomach may be distended that your breathing is short and tedious.

You think perhaps you are suffocating.

You are dizzy and pray for quick relief—what's to be done?

Just one tablespoonful of Dare's Mentha-Pepsin and in ten minutes the gas disappears, the crossing on the heart ceases and you can breathe deep and naturally.

Oh! What blessed relief; but why not get rid of such attacks altogether? Why have chronic indigestion at all?

With this wonderful medicine you can banish indigestion or dyspepsia, catarrh of stomach, or any abnormal condition that keeps the stomach in constant rebellion and one bottle will prove it.

And how happy you will be when your stomach is as good as new for then dizziness, nervousness, sleeplessness, headache, dull eyes and other ailments caused by a disordered stomach will disappear and you will be your old happy contented self again. The Lease Drug Co., Floding's drug store, Bolger & French and every regular pharmacist guarantee one bottle of Dare's Mentha-Pepsin to show the way to stomach comfort.

FLUCKIGER FIRE

Continued from first page.

front part, was gutted, and stock and fixtures were burned up or damaged. Water and smoke chiefly damaged the Evans store as the flames were confined to the other store room.

Smoke filled adjoining stores, and apartments, but this loss will be small. The big garage of the Collier Auto Co., filled with smoke, and 30 machines were rushed to a safe place but the garage suffered no damage. Men thought for a time the blaze would break through into the Crozier barber shop next to Fluckiger's but this shop was not damaged to any extent.

Several firemen, regulars as well as volunteers, sustained minor injuries such as cuts and bruises, and at least a dozen persons were temporarily overcome with smoke while fighting the flames.

Chief Malloy today is probing the exact cause of the fire and is checking up on the estimated losses. He does not believe the total loss will be over \$7,000.

Overheated Stove

It is believed the coal stove in the market became overheated, and that had or some other similar product, stored near it, blazed up, and the fire spread to other stock, to the walls and ceiling.

Two years ago this month Fluckiger had a similar fire loss. At that time he was on Broad way next to the Shubel block which was gutted, and the fire completely damaged his market.

Regular firemen had plenty of help from volunteers for the call in the business district sent hundreds to the scene. Bystanders at times ran far too close to the fire and hampered firemen and volunteers greatly, despite warnings.

The cold hampered the fire fighters also.

CHEAP GASOLINE VITAL MAGNATE ADVISES BOARD

Washington, Feb. 11.—Restricting the production of petroleum will mean the end of cheap oil and cheap gasoline, because over production is the only protection the public has against high prices, E. W. Marland, the Oklahoma oil magnate, told the federal oil conservation board today.

The board appointed by President Coolidge is hearing auto nation's petroleum conditions and is endeavoring to determine the extent of oil resources in the United States.

"Cheap gasoline is one of the great est, if not the greatest, educational in lessons in American life today," Marland said.

Marland maintained that the American people had lost reason to fear a shortage of petroleum for use as a fuel used than the oil industry has reason to fear that, because of inventions, discoveries and changing conditions, there will be left on its hands an enormous surplus of oil for which there will be little demand.

HEALS ECZEMA IN 7 DAYS OR LESS OR MONEY BACK

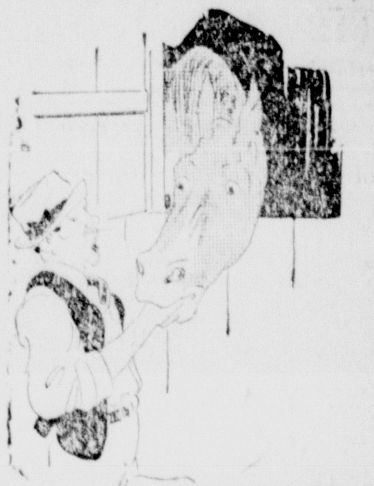

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abscesses and other eruptions are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of harkens' itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moone's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. The Lease Drug Co., Floding's drug store or Bolger & French can supply you at any time.

SNOW PLOWS BUSY ON COUNTY ROADS

One-Way Traffic in Effect On Many Roads Due To the Large Drifts

From early Wednesday morning until noon today county and state snow plows were kept at work on all improved highways and the records of the office of County Surveyor Lloyd C. Kirk show that not in 10 years has either department been compelled to keep snow plows in such constant service.

The great trouble with keeping roads open this week has been caused by high winds causing drifts after the roads have once been opened to traffic. There were not so many drifts on the east and west roads as on the north and south highways, the stiff winds blowing the snow from the wide open spaces over on the roads.

There are two places on the Salem-Lisbon rd. where the one way traffic rule is in effect and three places on the Lincoln Highway between Lisbon and Slip 55.

The Lincoln Highway west of Lisbon is pronounced to be in good shape, although there are several heavy drifts reported on that highway. One way traffic is the rule through these drifts, which are not very long.

County Surveyor Kirk is in daily touch with the county surveyor's office in Canton and also Manioc county and the information received from those offices this morning was to the effect that improved highways were being kept open as much as possible, but that country roads were drifting badly. The latter situation prevails today in Columbiana county to a great extent. This of course refers to the unimproved dirt highways.

MISS WILLS SURE TO PLAY TENNIS STAR OF FRANCE
Cannes, Feb. 11.—Miss Lenglen and Miss Wills will meet in the Carlton club tournament and not even the elements can prevent it.

William Simonds, referee of the Carlton tournament made this statement today, when asked concerning reports that the delay caused by rain might force the abandonment of the Carlton tournament and the match between Suzanne and Miss Wills.

Frank Gould has revoked his offer to permit the use of his tennis courts for the Carlton tournament matches, once the rain has ceased, but Simonds said that if play is possible tomorrow the tournament will be so speeded up that the Lenglen-Wills match will be played on Tuesday. If rain prevents play tomorrow then the Lenglen-Wills match will be carried over until Wednesday, Simonds said. Arrangements have been made for the extension of the time of the tournament.

Series of Talks To School's Radio Club
The radio club held its first first meeting at the High school Wednesday afternoon. R. P. Vickers gave the first of a series of talks which he will give to the club regarding the fundamentals of radio transmission and receiving.

This club is a division of the Science club whose members are taking up radio as their main topic. They are to meet every other Wednesday to discuss radio theoretically while on Tuesday night at the High school they will build new circuits and do experimental work.

MUSSOLINI'S NEW DEFY REGARDED AS MOST SERIOUS

London, Feb. 11.—Premier Mussolini's new challenge to the league of nations was regarded in London today as the most serious cause for alarm in connection with the Italo-German quarrel.

In diplomatic circles the opinion was expressed that the league has an indisputable right to intervene between Italy and Germany should the Tyrolean trouble become a serious menace to peace.

Such a contingency was, however, considered remote in view of the Italian dictator's withdrawal of the implication in his previous speech that he would cross the Brenner frontier by declaring that Italy would not consent to a violation of the treaties guaranteeing her "blood won" frontiers.

All of the morning newspapers published long extracts of Mussolini's address but all refrain from comment.

Mt. Union Students Appear In Play Here

Moons and their friends jammed the High school auditorium Wednesday night when the play "Are You a Mason?" was presented for a second night by the Salem Masonic club.

The play, with a cast of Alliance people, was directed by Ida Leeper Shimp, of the faculty of Mt. Union college and four of her students were in the cast. They are Jack Tombaugh, Douglass King, Marion Ball and Esther Frederick.

In addition to the orchestra music, under the direction of John W. Hundermark, specialty numbers were given by several Mt. Union students.

NINE SALEM MEN ON U. S. STEEL'S '26 PENSION LIST

There are nine persons on the pension list of the Salem plant of the American Steel & Wire Co., a subsidiary of the United States Steel corporation, according to the report made public today by Supt. R. C. Garrison.

James Clark, John Edwards, August Hoff, Elmer B. Hunter, John Kobza, Henry Older, David McCloskey, Daniel N. Weigel and Julius Landenberger make up the list of pensioners. The latter two were placed on the list in 1925.

The 15th annual report of the U. S. Steel and Carnegie pension fund reveals that there are now 5,931 active pension cases on the list. Jan. 1, 1925, there were 4,478, with 1,122 added during the year, and 516 discontinued.

Average age of pensioners is 55.71 years; average service is 32.26 years and average monthly pension is \$30.21.

Disbursements in 1925 to pensioners totaled \$13,295,808.83, of which \$2,355.55 was disbursed at the Salem plant.

BETHANY PREXY HITS U. S. LAWS ON IMMIGRATION

Bethany, W. Va., Feb. 11.—A veiled attack on the present immigration laws of the United States was contained in an address here today by Dr. Floyd Goodnight, president of Bethany college.

"I have more faith in the college men and women of today than to believe that, when any of them enter the halls of our congress, they ever will ever permit such legislation to be enacted as the new immigration laws," Goodnight declared. The subject of his address, delivered to the faculty and students of the college, was, "Religion of College Students."

"College men and women have a better inter-racial feeling," Goodnight said.

Republicans Delay Action On Candidate

Columbus, Feb. 11.—Decision of the election whether Ohio Republicans will hold a pre-primary convention this year to endorse candidates for state offices has been postponed until Feb. 24 when the Republican state central committee meets here again.

At this meeting late Wednesday, the committee adopted a plan for wiping out the \$65,000 deficit from the last campaign by apportioning a part of the debt to each of the 58 counties for payment.

Military Training Is Given Approval

Washington, Feb. 11.—Continuation of compulsory training in Land Grant universities and colleges was approved by presidents and deans of those institutions in a conference with President Coolidge today.

CARD OF THANKS
We wish in this manner to thank the Salem Fire Dept. and all those who assisted in any way to extinguish the fire in our block Wednesday night. 35th L. KAPLAN

Many Women Use Simple Mixture

Women appreciate the quick action of simple buckthorn bark, glycerine etc., as mixed in Adlerika. This removes GAS from the stomach in ten minutes and brings out surprising amounts of old waste matter you never thought was in your system. Adlerika stops that full bloated feeling and makes you enjoy eating. It is an excellent intestine evacuant for the relief of obstinate constipation or allied stomach trouble. The J. H. Variety of News In Brief Form

Passaic, Feb. 11.—Heating a bath tub high with pillows and mattresses, Mrs. Tessie Sargent, 38, mother of six, committed suicide by drinking poison. Grief for her husband who died three years ago was given as the cause.

Auburn, N. J., Feb. 11.—Deeds to site of President Fillmore's birthplace have been tendered by the United States government by the Cayuga Historical society with a view to having the government erect a memorial to Fillmore.

Syracuse, N. Y., Feb. 11.—John Burns, 17, and three boy companions risked their lives for almost half an hour to rescue sacred vessels while flames consumed the Church of St. Mary of Skaneateles, near here.

Columbus, Feb. 11.—Police today are trying to identify the body of the bandit who met death here while trying to escape with \$45 stolen at the grocery and confectionery store of Ira C. Hunt, 63, late Wednesday.

A bullet from a shotgun fired by Hunt, shattered the highwayman's skull, causing instant death. The bandit, about 30 years old, had a rose tattooed on his left arm.

Grocer Found With Bullet Thru Heart

Barberton, Feb. 11.—Joe Vileck, 32, grocer, was found in his store this morning with a bullet through his heart. The discovery was made by two boys, Frank and Ralph Souris, who were passing the store on their way to school.

Vileck had a meat cleaver clutched in his hand but police were unable to find any signs of a struggle and when returned to have been stolen. The dead man leaves a widow and a son, the latter his partner. This is the third murder here in two months.

Sixty bills of sale were received Wednesday from Deputy Automobile Registrar James S. Hilbert at East Liverpool, this being the largest number received by Clerk of Courts Frank Ballantine to far this month. Not more than 1,000 bills of sale are expected to be received this month, it is said by Mr. Ballantine.

Marriage Lasts One Year
Although they were married Jan. 1, 1925, at Wellsville, the Cooks have filed their petition for divorce in common pleas court against her husband, a brakeman on the Cleveland & Pittsburgh railroad and now said to be residing at 826 Bradshaw ave, East Liverpool.

The petition sets up that Cook had struck his wife, and that he further abused her by accusing her of immorality and also by the use of foul and abusive language. Mrs. Cook has also declared in her petition that her husband has deserted her.

Leases Building
According to a lease just filed for record at Lisbon, Joseph C. Carney and others have leased a building located on lot 7 in McKinnons "Ohio City" addition, in East Liverpool to John H. Fultz for moving picture purposes. Fultz has leased the premises for a term of years at an annual rental of \$480 and has been given permission to make such improvements to the building that would permit the operation of a picture house.

Taken To Reformatory
Four more prisoners have been removed from the county jail to the Mansfield reformatory, the quartet having been taken by Deputy Sheriff Lawrence Kinsvatter.

Shelby Carlisle, of Lisbon, Chalmers Wetaw, Charles Rogers and Harold Thompson all of Salem were the men, and the first three named will serve sentences of from 10 to 25 years for robbery, that of Joshua Hoopes of near Winona, and Thompson will serve from one to 10 years for assault with intent to rob Lawrence Mangus. All prisoners were sentenced by Judge E. R. Eastman.

ABOUT TOWN

Presbyterian Society
When the Presbyterian society of the Presbyterian church met Wednesday afternoon at the church the topic of discussion was "Foreigners in America." Mrs. P. W. McKee gave an interesting select reading relating to Ellis Island and a playlet pertaining to "Naturalization" was read by Mrs. William King. "What the Immigrant Has Done For America" was the subject of Mrs. Walter Strain's paper.

About 100 were served at the tea, which followed the meeting.

Party For Children
A Valentine party for children attending the community kindergarten at the Memorial building, and their friends, will be given from 5 to 11:30 a. m. Friday Miss Doris Chandler, play director, announced today.

Delay Inspection
Due to the illness of G. W. Wilson, state boiler inspector, there was no inspection today of the boilers at the waterworks. Service Director F. A. Bingham said he hoped Wilson will be able to get here for an inspection Saturday, to which members of city council and the public are invited.

LANDIS GIVEN TOO MUCH POWER, WAIL OF TEAM OWNERS

Six American League Club Owners Go Gunning For Baseball's Czar.

By DAVID J. WALSH

New York, Feb. 11.—Much after the manner of a couple of bright young men who are willing to start at the bottom and remain there indefinitely, the claim is made that Ban Johnson, the man who has been playing the role of office boys to Judge Landis and either should be granted the responsibilities in keeping with the dignity of their position or the judge should be removed.

The opinion is not ours. It is the opinion of at least six American League club owners, none of whom are known to the National Association of Professional Baseball Leagues. The judge because it is his duty to know when it is better to sit back and let the "break" which may never come.

After five years of those associations with the gentleman in question, some American Leaguers still look upon the judge as an "outsider" and could not wait so gently but firmly out of their camp.

"When Landis' term is up, baseball will have been in the hands of an outsider for seven years," one of these magnates said before the recent meeting. "I think it is about time the game was given back to itself."

Comiskey Vote To Decide
His attitude is typical. In fact, only Charley Comiskey, of Chicago, can be said to be an out-and-out Landis champion but he happens to be the keyman of the situation. It is his vote that will keep Landis in baseball, if he wants to remain.

As the writer understands the situation, Landis' re-election rests upon a majority vote of the 16 clubs. Eight National League owners have pledged themselves to return the judge to office. Comiskey, therefore, can and will swing the deciding vote dead against the sentiment of his league.

But in spite of the knowledge that it is headed for certain defeat, the American league is spoiling for a show down. This was proven on Tuesday when it voted unanimously against the resin ball in the face of a 5 to 3 defeat at the meeting of the joint rules committee. The three negative votes were cast by American Leaguers, the five positive ones by three National Leaguers, Dale Gear, of the minor leagues, and the judge.

The American league attitude, therefore, was a direct affront to Landis' power and, as such, will have its consequences, beginning almost immediately and without further notice.

One of those will come when the first American league pitcher attempts to use resin on his fingers and is halted by an umpire. The pitcher then can point to the rules book for his authority and umpire can look at his hand and say, "If the pitcher is suspended, he can appeal to Landis for reinstatement, which the judge will be in duty bound to grant."

COURT NEWS

Bank Building Sold

According to a deed just filed for record, the former banking house of the Citizens National bank, Washington st., East Liverpool, has been sold by Russell C. Heddleston and Edward J. Smith to Theodore Ganes. There were \$53 in revenue stamps attached to the deed, indicating that the bank building sold for \$52,000. Heddleston and Smith acquired the bank building immediately after the business was merged with that of the First National bank of East Liverpool and then sold to Ganes.

No Assignment

No court assignment will be issued by Clerk of Courts Frank Ballantine for next week. The assignment for the week of Feb. 22, however, will be made up for cases in both No. 1 and No. 2 courts. Judge Fred H. Wolfe of Wadon, will preside in No. 2 court room for a month and Judge James G. Moore will sit in No. 1 court.

Maintains Demurrer

Judge E. R. Eastman in common pleas No. 2, has sustained the demurrer to the petition in the \$15,000 alienation suit filed in common pleas court by Lew W. Vale against the parents of his wife, George and Eva Knight. Leave has been granted the plaintiffs to file an amended petition by March 1. The court held that some statements in the petition were only conclusions and not facts, according to a decision already handed down by higher courts, mention of which has been made in the journal entry.

JOHNNY DUNDEE KEEPS ON FIGHTING, DESPITE APPROACHING OLD AGE

By DAVID J. WALSH

New York, Feb. 11.—The boys, humane as always, are trying to talk Johnny Dundee into retirement before he takes on one more fight than his durable system was intended to withstand. They seem to fear that John may impair his health permanently. Of course, it's the man's own health, at that, but it appears to be everybody's business nowadays when a citizen persists in wasting it.

John is like many another boxer before him. He will not quit when he finds the younger generation is making him like it. Neither would Ad Wolgast, although John and Ad afford little in the way of a parallel.

John is no man's sap; yet he continues to fight at a time when he is long past his prime and the wolf at the door is a total stranger. The young man is rich in his own right. In fact, the case is simply one in which a gent enjoys his work and sees no reason to forfeit the privilege, even though the pleasure may be all the other fellow's.

He doesn't seem to mind the fact that he is being hit often by second rates, where formerly he made the champions miss. He is being well paid for something he likes to do and that closes the argument, as far as he is concerned.

Johnny, of course, still can "take it." But why take anything that one

doesn't need? A glove in the hand is worth two in the nose any day. Be it ever so well protected, your frontal maxillary is good for just so many shocks and Johnny has had his share of them during 15 years of campaigning through something like 343 bouts.

He made his last good fight on July 26, 1923, when he took the featherweight title from Eugene Criqui, almost three years ago. He was wonderful that night, but it seemed to be his final gesture. Since then, he hasn't been able to fight fast enough to keep warm.

After losing every step of the way to Sid Terris last summer, Dundee is alleged to have been admonished by the New York State Athletic commission that he might do well to refrain from dallying with the good ones. His reply was to take on Joe Glick, who is one of the best.

From this, it may be gathered that John is an incurable optimist.

"I know I'm not as good as I used to be," he told a friend before the Glick fight. "But look at the men they ask me to meet in my present condition. I wouldn't have dared to stick five years ago. But as long as the boys are no better than they are today, I might as well keep on fighting."

New Castle—Fire of undetermined origin caused a loss of \$75,000 in the Masonic temple here.

MILLER BROS. LOSE TO AMICUS CLUB

Columbiana, Feb. 11.—Miller Bros. basketball team met a 44-33 defeat Thursday evening at the C. H. S. gym at the hands of the fast Amicus club, one of the best teams in Youngstown.

In the preliminary game, the Franklin Furnitures, wearing their new uniforms for the first time, easily defeated the Salem Tires, who were greatly weakened by the absence of some of their regulars, including Capt. Reinher, who is ill of scarlet fever. Judge and "Chick" Roessler of the Salem Clerks helped out the tire men for a few minutes each. The score of this game was 43 to 22. The Rich brothers played best for Salem, while Bretz, Baker and Longshore starred for the Furniture team.

The first preliminary which was to have been between the Eighth Grade team and High school Freshmen was cancelled on account of the death of Donald Chestnut. The Hillcrest A. C. of East Youngstown, who were to have met the Franklin Furnitures, cancelled late in the date and the management was fortunate in securing a substitute at the late hour. The Hillcrest A. C. have promised to surely appear in two weeks.

In the big game, the Millers were greatly weakened by the absence of their star forward, Capt. "Boots" Hawkins, and while Graham and Howe did their best, Graham in particular had hard luck in his shooting

to Thomas, who made 21 points. Kyser's floor work was fine and he shot three baskets.
Referee Wilbur Springer of Salem handled both games well.

Mr. and Mrs. Dan E. Mead who spent the past three months at the home of their son-in-law and daughter, Mr. and Mrs. Walter Weaver of Bradford, Pa., returned to their home here on Saturday. They were accompanied by Mrs. Hervey who returned to Bradford on Tuesday afternoon.

A son was born to Mr. and Mrs. Walter Mountz on Friday, Feb. 5.

Mrs. Fred Davis has received word of the death of her mother, May Ruff Chapman, at Lauderdale, Fla., on Feb. 2.

Mr. and Mrs. Emil Miller have received word of the birth of an eight pound son born to Mr. and Mrs. Earl Springer of Birmingham, Ala., on Sunday, Feb. 7. He has been named Louis Miller Springer. Mrs. Springer was formerly Miss Mildred Miller.

The Woman's Missionary society of the Lutheran church met at the home of Mrs. Sam Wang, Friday afternoon.

Mr. and Mrs. Homer Powell and son, Dillon, were guests of Mr. and Mrs. Homer Cobbs of Sebring on Sunday.

The monthly business and social of the Lutheran church was held at the home of Mr. and Mrs. Homer Greenlee on Friday evening, and was an especially enjoyable affair. Two new members were received. A free will offering of \$31.50 was received for Andhra Christian college of India.

Marries His Mother-In-Law, Family Now In Awful Muddle

Newcastle, Ind., Feb. 11.—There was a wedding the other day at the home of eight-year-old Flora Elizabeth Osborne.

"And now," she ruefully said, "I got more relatives than Rockefeller got dimes. Ain't I even my own aunt!"

It all started when Flora's mother died a year ago and her grandmother — her father's mother-in-law — Mrs. Cora McNulty, came to take care of the house.

The other day Flora's father, Horace Osborne, 32, married 54-year-old Mrs. McNulty. Now the family lineup, so far as has been figured out to date stands like this:

Osborne, having married his

mother-in-law, is now his own father-in-law; he's his own brother-in-law; and he's also his own daughter's grandfather.

The new Mrs. Osborne, by virtue of her marriage to her son-in-law, is now her own daughter-in-law; she's her granddaughter's stepmother, not to mention being her own sister-in-law.

But little Flora insists she's in the worst muddle, because she's now her grandmother's step daughter; she's her own father's granddaughter; she's a half-sister to her dead mother; she's her father's sister-in-law; also her grandmother's sister-in-law. All of which makes Flora her own aunt.

Figure it out for yourself.

Ice cream and cake were served by the social committee. Friday was the birthday of Homer Greenlee and the members of the league extended him cordial birthday greetings. Communion service will be held at the Lutheran church on Sunday morning Feb. 13.

Mrs. Louis Stoffer went to Millville, Friday to see her son, Harry Stoffer who has been ill.

AT THE STATE

"Over the Hill," at the State, has a story which was taken from Will Carleton's poems, recounts the joys and sorrows of a typical mother who raises a family of children, only to have them, in her old age, turn her to drift from them, to live on charity. The "black sheep" son, however, when he discovers this condition, comes to his aged mother's rescue, and all ends happily.

Readers and admirers of Peter D. Kynd's novels have something to look forward to, for Paramount has transferred to the screen his latest story, "The Enchanted Hill," and the photoplay is to be at the State Friday.

The picture presents a brilliant cast headed by a quartet of outstanding players, Jack Holt, Florence Vidor, Noah Beery and Mary Brian.

The action centers around Holt and Miss Vidor, who are neighboring ranch owners in New Mexico. Circumstances force them to be enemies for a time, but they are finally compelled to unite against a common enemy who would take their land away from them.

"LIGHTNIN"

"Lightnin'" will strike this town tonight. This is not merely a prediction; it is a certainty. However, it will not be serious. On the contrary, it will be highly entertaining, because "Lightnin'" will hit here as one of the season's most promising photoplays, being booked at the attraction at the Grand tonight, Friday and Saturday. Jay Hunt will be seen in the role of "Lightnin'" Bill Jones, a character made famous by the late Frank Bacon on the stage. Supporting Mr. Hunt will be Madge Belamy, Ethel Clayton, Faythe Chapman, Otis Harlan, J. Farrell MacDonald, James Marquess, Wallace McDonald, Brandon Hurst and Rich and Travers.

AUDITORIUM

At the High school auditorium Friday and Saturday, "The Mansion of Aching Hearts" will be shown. This picture tells the romance of a woman who married for money, and who must see her lover every day, creating for them their "mansion of aching hearts." The story was suggested by the ballad of the same name written by Harry Von Tilzer and Arthur Lamb.

In the cast are Ethel Clayton, Culen Landis, Barbara Bedford and San de Cresse.

Women Need a Mild Laxative—Not a "Physic"

Countless girls and women now know how foolish and needless it is to "purge" and "physic" themselves to avoid sick headache, dizziness, biliousness, sallow skin, colds, or sour, gassy stomach.

They have found that Dr. Caldwell's Syrup Pepsin helps to establish natural bowel "regularity" even for those heretofore chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens or upsets the most delicate girl or woman. Besides, it is absolutely harmless and

so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine and just use for yourself.

GRADING COLLEGE GIRLS ACCORDING TO PERSONALITY

Wellesley, Mass., Feb. 11.—Wellesley College girls in the future are to be graded according to personality. A new Personnel Board at Wellesley will tabulate the girls from year to year to guarantee, as far as possible, that the collegians will find suitable positions when they leave college.

The new Personnel Board is composed of President Pendleton, Professor Wood, director of the Bureau of Occupations, the three college deans, the college physician and the head of the psychology department.

Already the board is preparing material on next year's incoming class in New York conferring with prospective students and obtaining data for the qualification cards set aside for each year.

Every Wellesley department contributes to the fund of information that Miss Alice Wood, as director of the Personnel Board, and her assistants compile during the four years of each girl's college life.

The object is to rate each girl on her powers of comprehension, initiative, reliability, memory, integrity and other traits. Each girl is graded on the basis of "superior," "average" or "lacking" in different traits.

SEISMOGRAPH TO WARN OF QUAKES 10 YEARS AHEAD

Predicting Earth Shocks In Advance Will Be Possible Very Soon

Pasadena, Calif.—Feb. 11.—Prediction of earthquakes as far as ten years ahead of their occurrence will soon be possible.

Startling results being obtained here in investigations with a recently invented seismograph will enable scientists to correctly forecast earthquakes, Dr. John R. Bulwala of the California Institute of Technology declared.

With Dr. Harry Wood and Dr. J. A. Anderson of Carnegie Institute, inventors of the new seismograph, Dr. Bulwala, who assisted in perfecting the instrument for recording the earth's shocks, is carrying on investigations which promise accurate advance predictions on earthquakes.

New Seismograph
The new type seismographs have already been installed at the Mount Wilson observatory here and they will soon replace the old style throughout the world. It was stated the new earth movement recording machine is no larger than an ordinary telephone, in contrast to the old type, which is extremely bulky weighing more than two tons.

"Many earthquakes are recorded daily although these are so slight to be unnoticed by a majority of people at work in daily occupations," Dr. Bulwala said. "Very few quakes are destructive."

"The greater portion of quakes occur in volcanic districts, especially along the boundary lines between great elevations and depressions. However, earthquakes are by no means confined to such areas."

"Most of the great earthquakes that have caused a large amount of damage may be traced to faulting of rocks. Slow but relentless movement of earth cause huge rock masses to move out of their normal positions."

Fall Back Into Place
"When the stress and strain of added weight becomes too great, they fall back into natural position, causing a quake."

The new seismograph just perfected is extremely sensitive. By detecting the earth's movement and causing it to be recorded on a rotating drum, it is possible to predict an earthquake within 10 or 15 years of its actual happening.

"Instruments have not yet been devised which are accurate enough to fully carry on this work, but investigations now being carried on at the seismological laboratory at the California Institute of Technology and at the Mount Wilson observatory promise to produce extremely startling results."

Dr. Bulwala stated further there are some earthquakes caused by volcanic explosions and subterranean disturbances which are spontaneous and naturally no predictions are possible concerning this type of earthquake.

Volcanic Explosions
Disturbances in the United States are not considered of the above type, however.

Persons caught in an earthquake should not flee from the danger zone, Dr. Bulwala declared. He said they were much more likely to be killed in an automobile accident, while escaping than in the earth disturbance.

Running away from the scene of an earthquake is ten times as dangerous as remaining in the locality, he declared.

California residents need have no fear from earthquakes, Dr. Bulwala said. He declared deaths from earthquakes in the state's entire history numbered only about 250, deaths from automobiles in one year alone exceeding this total several times.

TRAFFIC DEATHS STIR UNCLE SAM TO SAFETY DRIVE

New Campaign Is Opened to Put Perils Up To Public Attention.

Washington, Feb. 11.—With about twice as many Americans killed in traffic accidents since 1918 as were lost by the American Expeditionary Forces during the World war, Secretary of Commerce Hoover will take steps to launch a new campaign soon to meet what is characterized as a great national emergency.

The drive will be inaugurated at the National conference on street and highway safety, tentatively set for March 23, 24 and 25 in Washington. Reports of important committees at this conference will place the entire picture of the traffic situation before the public, and according to officials, will result in a general program of federal and state cooperation to meet conditions.

21,000 Deaths
Unofficial estimates place the deaths in traffic accidents last year at over 21,000, an increase over preceding years. Secretary Hoover estimates the financial loss from traffic accidents at about \$600,000,000 annually.

As part of the campaign to arouse public sentiment against what is believed to be a preventable loss of life and property, Hoover has issued a manual for the guidance of speakers, who will stump the United States in the safety drive.

President's Views
In the manual President Coolidge is quoted as follows:

"If the death and disaster that now fall upon innocent people through the year and over our country as a whole were concentrated into one calamity, we would shudder at the tremendous catastrophe. The loss is no less disastrous because diffused in time and space. Highway control is primarily for the states."

Hoover declared that the new traffic conference aims at furthering means to save life and prevent accidents; to make travel safer on our

highways for both the pedestrian and the passenger.

"It is certainly not safe now," he added. "About 10 percent of our street accidents are due to the carelessness of drivers. During the past ten years our automobile accidents have doubled."

Hoover declared that the American people, at last awakened to the appalling situation, are demanding in no uncertain terms that something be done about it and "that something soon."

Three approaches to the remedy were suggested:

- 1—Through prevention and safeguard.
- 2—Through much stronger punishment for violation of the rights of others.
- 3—Through public education as to its responsibilities.

GREENFORD

Mrs. Samuel Harding and son of Conotton returned to their home last Wednesday.

Trustees met at their monthly meeting last Saturday, Feb. 6.

Myron Roller and bride spent last week in Columbus attending farmers' week.

We were sorry to hear of the death of Mrs. Wm. Smith of Albany as she was a good and useful woman liked by all who knew her.

Mr. and Mrs. F. L. Hasson and family visited his parents, Mr. and Mrs. Hasson at Grove City, Pa. Sunday.

Report says Dr. Leimbach purchased the only brick mansion Greenford can boast of.

Mr. and Mrs. Joseph Andrews of Salem were guests of Squire and Mrs. A. L. Taylor Sunday.

A number from here attended the moving picture of the reformation or the life of Luther at Salem last Wednesday at the Grand theater.

Mr. and Mrs. Warren Bricker and family of Long Crossing and Mr. and Mrs. Clyde Zimmerman and family of Georgetown rd. Salem, were guests of their parents, Mr. and Mrs. Eli Bricker, Sunday.

Bruce Antrim spent over Sunday with his friend, Mr. Brown, at Canfield.

Bruce Antrim of Polo, Ill., and teacher in Greenford High, encountered some trouble last Monday and straightway left for home. Supt. Hull taught in his stead the remainder of the day.

One of the Canton-Youngstown busses broke down a half mile west

of Greenford Monday evening. The bus that ran into a ditch west of Salem a week ago is just ready to leave the repair shop. Mrs. Bricker of this place happened to be on both when the accidents occurred and necessitates her visiting a chiropractor.

Mrs. Elizabeth Everson is spending the winter with her daughter-in-law, Mrs. Wm. Lake and husband.

All-in Every Evening? Beware of Chronic Fatigue

Thousands of men and women who come home exhausted, nervous and irritable every evening are really victims of—chronic fatigue.

Chronic fatigue is an unnatural tiredness—usually due to lack of sufficient organic iron in the blood. To conquer it you must restore this iron to your blood. For this purpose nothing equals organic iron—Nuxated Iron—which is like the iron in your blood and like that in spinach and lentils. It will not injure the teeth or disturb the stomach like old-fashioned mineral iron medicines.

Take Nuxated Iron for just 2 weeks and notice how much stronger and better you feel. Money back if not improved. At all good druggists.

ICE
IN ALL WEATHER

Kiddies play just as hard in winter as in summer. Their eager appetites call for even more food than in the warmer days. Active growing bodies need lots of good food.
Don't take a chance with foods spoiling in changeable winter weather. Keep ice in your home the year around. Meats and vegetables kept in a well iced refrigerator taste better. And there is the added pleasure of serving delicious salads and chilled fruits that call for cracked ice whenever you like.
Ice costs SO little and is SO essential to your menu you can't afford to be without it.
